

I was greatly disturbed to recently learn that LPFM stations feel there is little value in the wonderful work K-LOVE offers me, my friends, my community, my nation. K-LOVE serves as a daily inspirational communicator for thousands of people!! Everyday my radio station is tuned to K-LOVE - music for the soul! If LPFM were to replace K-LOVE, many lives would negatively be affected. Positive and encouraging messages are hard to come by, but K-LOVE does a beautiful, flawless job. Other stations have "for profit" motives. K-LOVE truly has public interest motives. Why would I, my friends, my community not support K-LOVE? Thank you for your thoughtful attention to NOT let LPFM stand in the way of the positive work K-LOVE is doing.
